THE MEXICAN VETERANS.

To Meet at Capitol To-Day-How Maj. Mulky Changed His Name.

The Mexican Veterans' Association will meet at the Statehouse to-day. Two years ago at this time the association met and was given a rousing reception by the Legislature which was in session then. Major J. B. Mulky, of Bloomington, is president of the association, having succeeded the late General Manson. Major Jordan, who was elected secretary at the meeting two years ago, is dead. General McGinnis, of this city, is treasurer. Major Mulky, the president, is a hale and well-preserved man, now in his seventieth year. When asked last night how he preserved his health so well, he attributed it to his good habits and his political conscience, since he has voted only the Republican ticket since the party was organized. He participated in the convention of 1856 which nomnated Morton for Governor, and has attended every state convention of the party since that time. Major Mulky used to spel the family name Mulkey, but having occasion to order a very expensive sign for his drug business one day, he found that each letter of the sign cost about three dollars, so he concluded to save expenses by dropping the letter "e." He thinks there are between 150 and 200 Mexican veterans now living in the State.

SCHOOL BOARD

HOUSE COMMITTEE AGREES ON SUBSTITUTE MEASURE.

It Differs from the Dunn Bill in Some Particulars-Director Elected by the Board.

A substitute for the Dunn school bill was agreed on by the House committee on affairs of the city of Indianapolis last night. Deficiency (specific)\$18,955 | Many important features of the original bill the eight school commissioners were to be appointed by the mayor, and the executive head, known as the director, was to be Republican Club of the Twenty-fifth Ward, elected at the regular city election. This is changed entirely in the substitute. But two of the commissioners are to be appointed by the mayor. The other six are to be elected for terms of four years. Their terms of office will not expire at the same time, however, so that no one set of commissioners will serve together for the entire term. Instead of being elected the director is to be appointed by the commissioners, as well as the superintendent of the public schools. Teachers are to be appointed by the superintendent, subject to the approval of the commissioners. The director is to control the patronage, so far as the appointment of janitors, etc., is
